Evaluation of performance information from mares and their offspring

The Holsteiner Verband evaluates the performance information of mares and their offspring with the "Star (*) Model" (*Sternchen-System*). The assignment of * takes place if the following performance information is available:

Mare's own performance (EL)	Number of stars awarded
------------------------------------	--------------------------------

State premium	*
MPT over 110 points or over 7.5	*
Competition results (sport data of the FN currently only from within Germany)	
total winnings between 100 and 500 €	*
total winnings between 500 and 5.000 €	**
total winnings over 5.000 to 10.000 €	***
total winnings over 10.000 €	****

Offspring benefit (NL)	Number of stars awarded
-------------------------------	--------------------------------

Per daughter with state premium	*
Per licensed son in the Holsteiner Verband	**
Per licensed son in another association	*
Per daughter with MPT over 110 points or over 7.5	*
Per son with SPT (at least 80 points in the 100-day or 70-day test)	*
Per son with SPT completed through sport performance	*
Competition results from offspring (sport data of the FN currently only from within Germany)	
total winnings between 100 and 500 €	*
total winnings between 500 and 5.000 €	**
total winnings over 5.000 to 10.000 €	***
total winnings over 10.000 €	****

For each performance achieved, your mare will receive the corresponding number of stars which you find behind the name of the mare in this catalog. The Star Model allows easy identification of elite mares on the basis of performance information.
