

Online registration for mare and foal inspection and registration in the breeding district Europe

With the new member area "Holsteiner Online", you have the opportunity for the first time to register your mare(s) and foal(s) for the 2024 inspection sites in the breeding district „Europe“ directly online in the system. This works as follows:

Step 1: On the website www.holsteiner-verband.de, click on the "Menu" tab to access the member area

Step 2: Once you have successfully logged in with your membership number and password you will be shown the individual modules of the system. Under "Current events" you can access the event overview by clicking on "Enter entry now".

Step 3: Click on "Studbook inspection" or "Foal registration" to open an overview of all inspection dates for 2024 in the breeding district „Europe“.

There you can register the mare for registration as well as register your foal.
