

MARE AND FOAL INSPECTION AND REGISTRATION SITES IN GERMANY AND ABROAD

In Germany, the main registration tour usually takes place between mid-June and mid-July. An additional registration tour will be arranged between mid-August and October. **The possibility to register foals and present them for selection for the foal auction at the same time is possible for all dates from 17.06. to 02.07.22.**

The schedule is updated and, if necessary, extended on a monthly basis. **Other inspection and registration sites outside Germany may be arranged as the need arises until late May. To do so, please call Ms Dr. Stefanie Bergmann at the Holsteiner Verband office (+49-431-305996-51) or send an email to: bergmann@holsteiner-verband.de**

Here some basics on main registration tour protocol in Germany:

Any short-term re-scheduling will be published in time. On the other hand, there might be delays due to unforeseeable circumstances, such as traffic jams. Thank you for your understanding and for your arriving at the site in good time. In case you have missed or forgotten to confirm your intent to attend, you are welcome to present your foal at one of the listed sites all the same. Don't forget to bring all the required paperwork, registration card (Prämierungskarte) and completed silhouette and remember that the foal must be microchipped in advance of registration! For all questions, please contact the site host or the Holsteiner Verband breeding department in Kiel, Dr. Stefanie Bergmann (phone: +49-431-305996-51, email: bergmann@holsteiner-verband.de)

IMPORTANT: Post the stallion keeper's Covering Certificate and the Foal/no Foal Report to the Holsteiner Verband Kiel office (Steenbeker Weg 151, 24106 Kiel) as soon as your foal is born. We will then issue you with the registration card required for your foal's registration.

17. June 2022:

18273 Güstrow, Am Gewerbegrund 4 (Cavallo-Arena, Reitsport Manski, Maria Irrgang, Tel.: 0151-27709623)
