

Online application for mare inspection and studbook registrations 2024

With the new HolsteinerOnline member area „Holsteiner Online“, you have the opportunity for the first time this year to register your mare(s) for the 2024 inspection dates directly online in the system. This works as follows:

Step 1: On the website <https://www.holsteiner-verband.de/en> you can access the member area via the "Menu" tab

Step 2: Once you have successfully logged in with your membership number and password, the individual modules of the system will be displayed. Under "Current events", you can access the event overview by clicking on "Enter entry now".

Step 3: Click on "Studbook inspections" to open an overview of all inspection dates for 2024 in Schleswig-Holstein. If you click on the registration location of the relevant breeding district with the right '>', the registration classes (three and four-year-old mares or five-year-old and older mares) for which the mares can be registered will appear. You will find the dates for mare registration in the European breeding district under the event title: "Stuteneintragung und Fohlenprämierung im Körbezirk Europa". There you can register both the mare as well as the foal for the inspection.
